Dear Mr. Wilbur:

Thank you for the card you recently sent me noting the introductions to my books.

As you no doubt are aware it is an uphill struggle sometimes to pull off a good book on the JFK assassination. At the present time I do not see how I can put these items together with other items to make a book out of them. I am of course working all the time on issues related to the JFK and hope in the year to have a manuscript ready relating to the subject. Alas these things take time.

Good luck on your studies.

Sincerely

David R. Wrone
